

Church Robbed By "Fire Inspector"

Report Petty Crimes At Meeting Of Borough Council

September seemed to be the month for petty crimes in Narberth, Franklin C. Hutchinson, chairman of the public safety committee, reported to the Narberth Borough Council Monday night.

An unidentified man, posing as a fire insurance inspector walked into the Narberth Presbyterian church last week and calmly walked out again with a total of \$24.50, and drove away in a dark sedan.

A Plymouth coupe was stolen from in front of the Third Apartment in Narberth and was later recovered in Berlin, New Jersey, with the tires, wheels, and radio missing. Mrs. MacPhearson, of 513 Beechwood Lane, complained to police that small boys were removing articles from her property and storing them in a garage on Dudley Avenue, and a roomer at the Windsor Essex in Narberth, stole a radio from his room. He is now in jail.

Hutchinson also reported one reckless driving arrest, one stop sign violation, and four parking violations.

Robert M. Cameron, chairman of water, light, and health committee, reported that six garbage complaints were received during the month. He also stated that a meat market, located on Woodbine Ave., Narberth, was closed for failure to carry the Federal and State stamps on their meat. The shop was ordered closed by Health Officer George B. Suplee, and George W. Grim, Milk Control Officer.

Registrations at An All Time High

Totals Show That Republicans Gain and Democrats Lose

Republican registration has reached an all time high in Montgomery County with an estimated enrollment of 111,445 as compared to 108,603 in 1940. The Registration Commission announced this week.

The total estimated Democratic registration is 28,443, a decrease of 4,966 from 1940.

From May 1 to the close of the registration period Monday, a total of 21,701 new voters were registered, including 15,533 Republicans, 5,423 Democrats, 737 Non-partisans and 14 of miscellaneous parties.

In 1940 the Republican lead in registration in the County was a ratio of slightly over 3 to 1 over the Democratic enrollment while today it is practically 4 to 1.

Buys Land for Home

McMullin and McMullin have sold for Frank H. Wilson an acre of land on Harrison Rd., Bryn Mawr to E. Lester for \$25,000 who plans to build a residence after the war.

Board Meeting

The Dr. Benjamin Rush Chapter of the D. A. R. will hold a board meeting Friday, October 13, at 2 P. M., at the home of Mrs. Joseph H. Baker, 290 Haverford Ave., Narberth.

Payments Drop

Direct relief payments made to residents of Montgomery County during the week ending October 8 show a decrease of \$5.10 over those of the previous week.

Narberth and Manoa Nines Will Attempt To Break Main Line Title Series Sunday; Chicks Finally Stop Craig in 6-5 Thriller

With the series all square at one game apiece, Narberth and Manoa will clash in the most crucial battle in their five-game playoff for the Main Line Baseball League championship at Narberth on Sunday at 3 P. M.

Manoa finally caught up with Jim Craig last week, executing a perfect squeeze play with the bases loaded in the last half of the ninth for a thrilling 6-5 victory and the first setback for the Narberth pitcher in two years of play-off competition.

Craig had won six straight games in the preliminary play-offs and four straight in the championship series prior to blowing a 3-0 second inning lead and finally bowing when pinch-hitter Tony Stracconi's bunt chased home Larry Barry with last week's decision.

Manoa should gain the upper hand in this all-important third game it probably will be due to the combined efforts of Ed (Red) Larkin, right fielder, and pitcher Walt Cantwell. Larkin is batting 1,000 for the series—eight hits in eight official times at bat—which is believed to be a league record for series competition. He had a home run, a double, a single, and a walk in last week's game, his circuit blow putting Manoa ahead 5-4 in the fifth.

Cantwell has turned in two well

Community Club Holds First Meeting

The first meeting of the Narberth Community Club was held on Tuesday, October 10. Luncheon was served at 1 o'clock by members of the Hospitality Committee. Fall chrysanthemums in Autumn shades decorated the tables—topped the speaker's table.

Captains Named In War Chest Drive

Campaign Will Be Discussed at Meeting Next Week

Plans for the United War Chest campaign in Narberth will be discussed at a meeting of Narberth captains Thursday evening, October 19, at the home of the District Director, Mrs. Lewis G. Crater, 202 Grayling Avenue.

The Narberth organization is virtually complete and will launch the 1945 War Chest drive on October 26. A general meeting for all War Chest workers in the borough is scheduled at the Narberth School auditorium on October 23.

Mrs. Crater announced the appointment of the following captains:

Mrs. Paul Loos, 15 Shirley Road; Miss Jane Ensinger, Montgomery County, Mrs. Madeleine Ainsworth, 538 Valley View Road, Merion; Mrs. Henry A. Smith, 21 Windsor Avenue; Miss Marguerite Mattoon, 10 Narbrook Park; Daniel Leitch, 227 Essex Avenue; Mrs. John Hill, 2018 Bessie Avenue; Mrs. Joseph Gurburgh, Montgomery Court; Mrs. Russell Shinn, 728 Montgomery Avenue; Mrs. James E. Toland, 210 Wayne Avenue; Mrs. Ralph Dickey, 510 Essex Avenue; Mrs. Wesley P. Dunnington, 70 Wynedale Road; Mrs. Eugene H. Ogden, 68 Wynedale Road; Miss Grace Lawrence, 117 Chestnut Avenue; Mrs. Robert Welsh, 211 Woodside Avenue; Mrs. F. Munro Purse, 197 Elm Avenue; Mrs. R. J. Randa, 11 Williams; Jr. 513 N. Wynedale Avenue; Mrs. E. C. Rose, 110 Iona Avenue; Clyde Civitts, Narberth School.

Judge's Wife Sponsors \$3,000,000 Tanker

Mrs. Margaret C. Sweney, wife of Judge Henry G. Sweney, of the Delaware County Common Pleas Court, sponsored the S. S. "Thelma" at the Sun Ship plant last Saturday.

The vessel, a \$3,000,000 tanker, was built for the U. S. Maritime Commission, and was more than 90 per cent complete. The ship is shipped into the Delaware River from the South yard.

The vessel was 60th to be launched at the Chester yards this year, and the 166th since the outbreak of the war. It was the second of the month.

Dr. Felix Morley Speaker at Forum

Dr. Felix Morley, President of Haverford College, will be one of a group of experts on "An Information Please Session on Election Methods" sponsored by the Haverford Township League of Women Voters in connection with the Haverford College, on Wednesday, October 18, at 8 P. M., in the Commons Room, Founders' Hall.

The meeting is open to both men and women and all are welcome.

pitched games, being more stingy with his hits than his more publicized rival. Last week he allowed Narberth but nine blows while his Manoa mates clubbed Craig for an even dozen. Cantwell fanned five to Craig's three, while both issued three bases on balls.

Barry's attack with two hits each, the former driving in three of the borough's runs.

Narberth gave every indication of winning the second game in a romp when it routed Manoa by Sobczak a double by Arnone, one-base blows by Craig and Craig together with an error to gain a 3-0 lead in the second inning.

Lt. "Ridge" O'Sullivan Safe As Radio Ends Long Silence

It couldn't be... Since May 23 when her baby girl arrived and her husband reported missing, Mrs. Elizabeth Nash Sullivan, 85 Windsor Ave., Narberth, never gave up hope that everything would be alright.

Night after night with her mother, Mrs. Robert Nash, she had stayed up to listen to the short wave broadcasts from Berlin over which news of missing soldiers is received. It was her mother who on last Friday night heard that Lt. Walter (Ridge) O. Sullivan was in a hospital in Germany with a leg injury. She was sure because it gave his full name, serial number and his father's name and address.

Then on October 10 more details were received from the Provost Marshal General. He said that Lt. O'Sullivan had a fracture of the right leg above the knee which would require four to six months to heal.

On October 11 came a letter

LT. O'SULLIVAN

from Lt. O'Sullivan to his wife in which he explained how the accident happened and that he was

HERE AND THERE by BETSY-ANN

Safety Patrol Is Inducted at School

2nd Lt. Alfred Livingston, Fort Mason, California, is spending 20-day furlough with his father, R. F. Livingston, at Narberth Hall.

Lt. Alfred Gres, Paratrooper, 122 Windsor Ave., has seven day furlough from Fort Benning, Georgia, and is returning to Camp Mackall, N. C.

S 1/C (R.T.) Evan H. Street, Jr., 507 Kenilworth Rd., Merion, is home for nine days from Brainerd, Md.

Pfc. Ted Coholan, 10th Light Division, Camp Swift, Texas, is spending 17 days furlough with his parents, Mr. and Mrs. G. M. Coholan, 610 Essex Ave.

Capt. H. B. Laine, Army Air Base, Saderia, Missouri, accompanied by his wife and children, is spending 12 days furlough at their home on Braeburn Lane, Penn Valley.

Lt. J. Stanley Thomas and Mrs. Thomas, are spending 14 days furlough from Thomasville, Georgia, with Lt. Thomas' parents, Mr. and Mrs. J. Stanley Thomas, Montgomery Ave.

On September 27, the War Department notified Mrs. Elizabeth Swan, 130 Conway Ave., that her son, Pfc. William J. Swan, Com. E. 26th Armed Infantry, was missing in Germany.

Mr. and Mrs. Walter Karcher, Heath Rd., Merion, were notified on September 7, that their son, Pfc. Walter Karcher, Jr., was killed in action in France. Walter Karcher graduated from Lower Merion in '43. After ten months training in Anti-Aircraft, he was transferred to the Infantry and six weeks later sent overseas. His many friends at home and in the service have been grieved by this sad news.

Last week the J. Paul Sheas visit Continued on Page Two

Lower Merion High School NEWS LETTER

Excerpts from letters printed below are written by men and women in the service to their Alma Mater back home. They are reprinted exactly as they appear in the current issue of the Lower Merion High School "News Letter". As the "News Letter" is only mailed to those in the service school authorities have approved its publication so that it may be read by the folks back home.

KEVIN W. CARROLL, S. 2/c (RM), is at an Amphibious Training Base at Oceanside, Calif. He's waiting to be sent to Communications School. We're writing this in Maine, but will send you Earl Leech's address when we get home.

S/SGT. HORACE MacLEES, Dunnellon, Fla., says he's ready and expects to go across any time now. He expects to be working under Lt. Col. Cochran, on in that vicinity. Well, Sgt., the nearest I get to him is when I read "Terry and the Pirates," with Burma, and all the rest. Of course, you fellows have Luce, she's a bit more attractive, but then, you deserve the best. Good luck and cheerio—wherever you go.

T/SGT. WILLIAM (RED) HARRISON is back in the States at Camp Jos. T. Robinson after spending 29 months in Alaska and the Aleutians, and 3 months overseas. He likes to get the NL but says it "hurts to read about the fellows that went over that won't come back again." You're right, Red; it's tough, but that's the time when faith in a Supreme Being will lighten the load. Glad to hear from you.

Here's a first letter from LT. C. R. BATCHELOR, '39, in France, who finishes with a P. S., "Would it be bragging to claim being the first Merionite in France on D-Day?" That's controversial, no doubt, I wouldn't know, others will probably dispute it. "Cal" says his closest was when an 88 shell hit a building 30 feet away and one of the stones tore out the seat of his pants, forcing him to sleep on his stomach for some time. An interesting letter, Lt., you mentioned STEVE SLOOM, did you see him on the trip over?

MARK BLITZSTEIN is now on a destroyer in the South Pacific. He asks me if I'm still "carousing around?" and wants me to send him a "couple of white women via Parcel Post." I've been working hard all Summer—no chance for carousing. I'd like to oblige regarding the women, but some things I just can't do. Here's hoping you'll get your W-W and S in '45.

Here's a letter which came to Camp Kennebec—didn't get it answered there—I'm back on my own front porch—Labor Day afternoon, to be exact—the car's unpacked, camp things stored away for next year, I hope; dirty clothes ready for the laundry, school opens tomorrow—but you'll hear more about that as we go on answering letters—and this one comes from CPL. GEORGE H. BLAIR, '37, APO 36, NY. He sees BOB FRASER quite often; comments on the 29th NL by saying he agrees that Camp Hale is the toughest camp in the country—rougher than the Paratroopers, Rangers or Marines.

Thanks to LTC. ROSE IANNOTTA, APO 927, SF, for the copy of "Yank," and to PFC. J. M. WALTERS, APO 763, NY, who sends a V-Mail to inform us that he's now in Sardinia.

CPL. VICTOR BAFFA, APO 557, NY, is still in England and getting along fine. He saw Junior Arnone, expected to get to see Joe Pinto, but he sailed for France. Vic says hello to his brothers, ELMER and AL, and all the Yunker coterie.

Another first letter from JACK CORNISH, '37, a midshipman, USNR, in the So. Pacific. He's heard from LT. LARRY PARKER, '37, occasionally, tried to get in touch with him in the Sicilian campaign Continued on Page Four

well on the road to recovery. Lt. O'Sullivan's parents are Commander and Mrs. W. R. O'Sullivan, also of 85 Windsor Ave.

Lt. O'Sullivan graduated from West Catholic in 1939. He went into training at Maxwell Field, Ala. Then to Orangeburg, S. C., later at Gunther Field, Ala., and graduated from Napier Field, Ala.

On June 3, 1943, Lt. O'Sullivan and Miss Elizabeth Nash, daughter of Mrs. Robert Nash of 4 Iona Avenue, were married. A baby daughter was born to them at Bryn Mawr Hospital this Spring.

The notice that Lt. O'Sullivan was missing came from the War Department last May 23. There were no details except that he had failed to return from a flight over Germany. Later Mrs. O'Sullivan attempted to obtain more information but nothing but months of silence followed until the message was picked up by her mother over the short wave radio in their home. The notification received from the Provost Marshal was information obtained from the same source.

At the Southeastern Regional Conference of the Pennsylvania Council of Republican Women held recently at the Bellevue-Stratford, Mrs. Kyle presided at the luncheon session attended by over 800 Republican women including more than 40 members and guests of the Lower Merion-Narberth Council were present. Mrs. Samuel L. Veitch, local council vice-president and political activities chairman, served as chairman of the State Senate conference and workshop panel at the same meeting.

The tea will initiate a membership drive to increase the council membership and members have been asked to bring prospective members. Mrs. Ray S. Tannehill, hospital chairman is in charge of arrangements.

At an executive board meeting on October 2 at the Township Building, Ardmore, Mrs. John V. Huber, Jr., council president, announced that Mrs. Owen J. Toland had been appointed to represent the council on the Dollar-for-Dewey Drive.

Mrs. Carl H. Zipf, council vice-president and program chairman, outlined the years program and Mrs. Edgar Cockrill, conference chairman, gave a report on the Southeastern Regional Conference of Republican Women.

TASTY TIPS

Full-grown cabbage cannot stand much freezing, but half-grown heads can take a lot of it. The half-grown cabbage may be eaten as greens.

Persons with only a few root crops—beets, carrots, turnips, rutabagas—on hand at the end of the gardening season may store them for several weeks in bushel baskets lined with old newspapers and can keep them in the garage, on the back porch or in the basement.

To prepare beets, carrots, turnips and rutabagas for storage, cut tops off flush with the tops of the roots. Don't leave short stubs of top growth that will rot easily and may lead to rot of the root itself.

A boy, born October 5, to Mr. and Mrs. Ray Yeager, of 800 Beechwood Drive, Upper Darby.

For storage, select apples of about the same ripeness. The more mature apples give off a gas that may cause less ripe apples to ripen too quickly. Apples keep best in a temperature as near the freezing point as possible and where plenty of ventilation is available.

SAYS HEALTH MEASURES OF NO VALUE IN CONTROLLING PARALYSIS OUTBREAK

EDITORIAL

Alongside this editorial we are printing a letter from Dr. Robert A. Reimann, Penn Valley. Although the letters offers no explanation, it seems to be in reply to criticism of the health board appearing in this newspaper. We have no knowledge of ever printing such a criticism.

Dr. Reimann says:

"It is presumptuous, therefore, for the uninformed to question school policy in these columns or to criticize boards of health in general, and the Lower Merion Township Board of Health in particular, for not applying unnecessary and wasteful measures to control the spread of poliomyelitis."

We do not take issue with Dr. Reimann's statements about infantile paralysis although it is conceivable that in this big world of ours other eminent medical authorities might differ. We believe with Dr. Reimann that the Lower Merion Board of Health and Dr. George W. Grim, one of the best milk authorities in the country, are doing a good job. We believe they have acted wisely during the present seasonal, infantile paralysis flare-up.

We can appreciate Dr. Reimann's courage in flying to the defense of his professional brothers who, evidently, have been set upon. But we see nothing to commend in Dr. Reimann's attitude. In his own words, he is a bit presumptuous. Presumptuous, about the function of the press and presumptuous, in general, about democracy.

For Dr. Reimann's information the people of a democracy are not in the habit of sitting idly by with folded hands while public health affairs are pondered by their local health boards. They do not subscribe to this good doctor's pronouncement that "if a successful method of prevention is devised, boards of health will promptly apply it."

Despite Dr. Reimann's faith in his own profession, boards of health have been known to pass up approved preventive measures and some doctors have been known to bury their mistakes. All of which simply attests to the fact that doctors, like all of us, are human, and that boards of health sometimes err. The answer to this is an alert public opinion and a free press through which this public opinion can be expressed.

What many physicians fail to realize is that when they step out of their pontifical professional shoes as private practitioners and become members of boards of health they assume different roles. For here they subject themselves to the give and take of public criticism. Whether or not they are paid for their services, they are public servants. The public has a right to know what they do and a right to question their policies and acts.

To be sure, they will find uninformed citizens making absurd deductions. Just as many physicians, trading on their professional standing in the field of medicine, have sounded silly when they muddled in sociology and economics. But, as a newspaper we intend to keep our columns open to physicians' ideas about sociology and citizens' ideas about public health.

We disagree with the well-intentioned doctor that criticism of public health boards in public newspapers should be taboo. In the common tongue the health board should be prepared to take it as well as give it. That is the way truth comes out in a democracy.

"Cold, Picnic Beer" Ruled Out In New Haverford Township Park Ordinance

Haverford Township Commissioners took alcoholic beverages out of their new park and playground ordinance Monday night but made fishing and bicycle riding permissible. The ordinance was prepared by William R. Toal, township solicitor. Final passage of the ordinance was held over until the November meeting.

The ordinance was proposed to control personal conduct and protect park and playground property. Only the township's disorderly conduct ordinance can now be applied in policing playgrounds.

As the ordinance was drawn up, persons by obtaining a permit for mte superintendent of police would have taken liquor or beer into the parks for picnics or special occasions.

John L. Baker, Llanerch commissioner, objected. "I drink moderately myself," said Baker, "and I believe the 18th Amendment was the worst thing that came in the Country but I don't think beer or other alcoholic beverages should be allowed in a public park."

"I never touch a drop myself," said Daniel T. McDermott, Haverford commissioner, "but don't you think a man ought to be allowed to take a cold bottle of beer to the park in a picnic basket?"

"The trouble with that," said Edward C. Land, Ardmore commissioner, "is that if you allow one bottle in a picnic basket you will have others rolling in kegs." Commissioners decided not to permit even one, cold bottle of beer.

The ordinance also contained a clause which prohibited persons from "molesting, flowers, birds, water fowl and fish."

Commissioners took out "fish" because they said a boy should be able to cast a bent-pin hook into a stream.

Bicycle riding in the park was also prevented in the original ordinance. Commissioners changed this so boys and girls could ride through the parks but not across recreational areas where sports events were in progress.

Night parking of automobiles will be allowed but motorists will be required to keep their inside lights on. The ordinance also prevented the use of obscene language, disturbing and other acts destructive of property and endangering public health and morals.

Organization for the 1945 United War Chest Drive in the Gladwyne District is now going forward. Stuart Bell and Henry S. Bromley, Jr., are the directors, with Mrs. Henry S. Bromley, Jr., serving as secretary. The captains of sections, so far, are Mrs. Stuart Bell, Mrs. E. M. Davis, Jr., Mrs. E. E. Denniston, Mrs. Gordon Hargraves, Mrs. Leicester S. Lewis and Mrs. J. Roscoe Rhoads.

300,000,000 TONS ORE
During 1941-43 more than 300,000,000 gross tons of iron ore were shipped from U. S. mines, the equivalent of a full four years shipment at the maximum pre-war level.

Letter to the Editor.
The Main Limer, Inc.

Dear Sir:

The occurrence of a case or two of infantile paralysis in a community usually gives rise to undue apprehension and even panic among parents are mild and many, perhaps more, are never recognized as such at all, and are disregarded as minor ailments. According to Aycock the occurrence of a few cases of the severe paralytic form "does not in itself constitute a public health problem of corresponding magnitude."

Furthermore, in all probability the virus itself is so widespread at times that no public health measures at present available are of any value whatever in controlling an outbreak. There is no evidence that the closing of schools or other quarantine methods have ever prevented the spread of the disease. According to J. R. Paul, even the isolation of patients themselves seems to be ineffective in preventing the spread of the disease, and the best simple procedure to follow at present are:

(1) to discourage the eating of uncooked food to which flies and other sources of contamination have access; (2) to discourage drinking of or swimming in polluted water, especially during epidemics and (3) to forbid minor operations on the nose and throat during epidemic periods.

It is presumptuous, therefore, for the uninformed to question school policy in these columns or to criticize Boards of Health in general, and the Lower Merion Township Board of Health in particular, for not applying unnecessary and wasteful measures to control the spread of poliomyelitis. Intensive studies are being made in many laboratories to discover the exact modes of transmission of the disease and if a successful method of prevention is devised, Boards of Health will promptly apply it.

Women's Club Notes

The Narberth Juniors were entertained Thursday, October 5, by Miss Jean Reed, commentator for WCAU. She told of interesting movie stars, sang some songs, and gave an amusing monologue.

The music and drama club, led by Mrs. Edward Markle, met and planned to review plays, meet, and sing in groups. The club met at the home of Mrs. Frank Purcell, October 3. Their meetings will be held the second Tuesday of each month.

Mrs. Hume Brown, Jr., entertained the Welfare Group at her home, October 4. Their first project is sewing for welfare purposes and stuffing toy animals for nurseries.

Club 16 will meet at the home of Mrs. William E. Clear, 219 Elm Terrace, at 8.15 P. M., October 19. Mrs. Sam Krauss will be the assistant hostess.

On Thursday, October 19, at 8.15 P. M., the Book Review Club will meet at the home of Mrs. Larry Grey, with Mrs. Robert S. Harper as assistant hostess.

Announcing... New Arrivals

A boy, born October 8, to Mr. and Mrs. Charles Page, of 4 Wynnewood Court, Narberth.

Others births at Bryn Mawr Hospital during the past week are:

A boy, born October 2, to Mr. and Mrs. Donald Woodworth, of 244 Harrogate Rd., Penn Wynne.

A boy, born October 2, to Mr. and Mrs. Clifford Murray, of 420 Berkley Rd., Haverford.

A boy, born October 4, to Mr. and Mrs. J. Wallace Schultze, of 266 Trent Rd., Penn. Wynne.

A boy, born October 5, to Mr. and Mrs. Emanuel Crup, of 747 Buck Lane, Haverford.

A boy, born October 5, to Mr. and Mrs. Robert Torrey, of 27 W. Country Line, Ardmore.

A girl, born October 6, to Mr. and Mrs. Owen Lusake, of 115 Coulter Ave. Ardmore.

A girl, born October 6, to Mr. and Mrs. Hugh McKown, of 2716 St. Mary's Rd., Ardmore.

A boy, born October 6, to Mr. and Mrs. Howard McMorris, of Gladwyne.

A boy, born October 8, to Mr. and Mrs. Bradford Brodell, of 137 Sutton Rd., Ardmore.

A girl, born October 8, to Mr. and Mrs. Robert Davenport, of 176 Simpson Rd., Ardmore.

A boy, born October 8, to Mr. and Mrs. William Buchanan, of 514 Ott Rd., Cynwyd.

A boy, born October 8, to Mr. and Mrs. Wallace Orr, of 501 Putnam Rd., Merion.

FIRESIDE

Mr. Walter A. Fox, 31 Narbrook Park, has been confined to his home for the past week on account of illness.

No heat in the Red Cross Booth on Haverford and Forest Avenue is thought to be the cause of Mrs. E. C. Griswold's sore throat and confined to her home this past week. Things are looking up—a heater for the booth has been donated.

Mr. Peters, of Hampden and Woodbine Avenue, father of Patrolman LeRoy Peters, is improving at Bryn Mawr Hospital.

Mrs. Carrie Bailey of Conway Avenue is at the Anderson Hospital recovering from a gall bladder operation.

Mr. and Mrs. John R. Hall are spending two weeks vacation at their cottage at Ocean Grove, N. J.

The John Mansfields of 121 Kenilworth Road, Merion, have bought a new home at Hamilton and Wister Road, Wynnewood.

Attorney John Flynn of 210 Essex Avenue has bought a home on Sussex Road, Wynnewood.

Borough Council has resumed meetings at Council meetings discontinued during Summer.

KNOW YOUR STATE

Protect Our Forests

The opening of the 1944 hunting season will bring hundreds of thousands of Pennsylvanians out into the State's 15,000,000 acres of forest land. The great demands made by war on the timber resources of the United States emphasize the need for special care against the outbreak of forest fires, when so many men will be taking brief holidays into Pennsylvania woods.

There are several kinds of forest fires, each one of which adds its quota of destruction to timber resources in the State, not yet adequate to supply even our own peace-time needs. A stem fire is one in which a decayed and hollow tree burns upward from below. Lightning, sparks from a locomotive, or sometimes a smudge built by a hunter of game or bees, give rise to such a fire. These burning trees are dangerous since the hollow trunk acts as a flue and causes a draft which carries a spark for great distances causing fire to spread to surrounding forest trees. Crown fires occur only when the woods are very dry and there is a high wind. The flames consume the leaf canopy formed by the crowns of the trees, and while conifers are most subject to this type of fire, young hardwoods with either new or dead leaves will also burn freely.

Underground fires are those which smolder beneath the surface of the forest carpet. This type of fire is particularly dangerous since it kills the roots of the vegetation and sometimes blights large areas which do not re-seed themselves for many years.

Cadet Dance at P.M.C. Saturday

The first of a series of informal cadet dances will be held in the Hyatt Army at Pennsylvania Military College, Chester, this Saturday evening.

The dances will be attended by preparatory and college students and are sponsored by a student committee comprising Philip Holinger, Ted Adams, Joseph Elgart and John Hopewell.

Col. and Mrs. Frank K. Hyatt will act as chaperons.

Narberth School Notes

The students of the Narberth Public School are starting a tin can drive, and expect to exceed the amount of 74,805 tin cans collected last year.

As each pupil brings in their cans, a record is kept by the members of the Tin Can Committee, composed of Ann O'Brien, Rose Mary Gorman, Tommy Rees, and Bill Wallace.

A chart displayed by each homeroom shows the amount of cans brought in, and the pupils rank. The rank varies from private to four star general. Fifty cans signifies a private, and 2050 cans, a general.

An effort is being made by the pupils of the Narberth Public School to surpass the \$30,721 sale of War Bonds and Stamps that was used to buy two jeeps, an airplane, and an amphibious jeep, last year.

The sale this year will be used to purchase two heavy ambulances, and one light ambulance.

Pearl Harbor Day, December 7, is the deadline. Therefore, before that date, students of the school must purchase \$8810 in bonds and stamps, to reach their goal.

HIGH NOTES

By DAVID MALICKSON

Karcher Killed in Action

Walter T. Karcher, class of '43, has been reported killed in action in France after 10 days overseas.

While at Lower Merion, Karcher was a member of the Student Council, Merionite, Art Club, Chess Club, and active in school theatrical productions.

His ambition—as recorded by the Merionite—was to be a great illustrator or political cartoonist, in preparation for which he had attended art school for six years.

Karcher was one of the best known and liked boys who has ever attended Lower Merion. As word was passed among the senior students of Karcher's sacrifice everyone—whether he knew Walt personally or had only heard of him—was shocked beyond words. In the '43 Merionite will be found the simple phrase that characterizes him:

"Cheerless places made gay with his clever brush and talk."

Enrollment Totals 1,474

Some 1,474 students are enrolled in the Senior High School for the 1944-45 term, it was announced by Mr. Gilbert, principal, recently.

Of this total, 808 are Sophomores, 466 in the Junior class and only 399 students registered in the '45 graduating class. In the entire school there are only 54 more girls than boys—314 boys in the Sophomore class and 295 girls; in the Junior class—216 boys, 249 girls; seniors—179 boys, 220 girls. This enrollment is larger than previous class and will present a serious problem in future years if it continues.

Already the difference is noticed as many students must stand to eat lunch on each of the three lunch shifts. This in itself presents a serious problem as many students do not bother to eat a substantial lunch. Many only eat ice cream with a pretzel which is easily handled in an upright position. Lunch time should be a breathing period between a busy day not a humdrum.

Shoes—Airplane Stamps 1 and 2, good indefinitely. New stamp good November 1.

Plentiful Food—Onions.

Overseas Christmas Package Mailing—October 15, last day.

THIS IS FIRE PREVENTION WEEK

This is Fire Prevention Week, by proclamation of President Franklin D. Roosevelt. One out of every three persons who lost their lives as a result of fires in the United States last year was a farm person, the Department of Agriculture reports. Fire is more hazardous on the farm than in the city because few farms can call on a trained fire department for assistance, most farms are not equipped with a ready water supply for fire-fighting, farm buildings usually are not as fire resistant as city buildings and farmers usually carry less fire insurance than city people do. Farm fire prevention suggestions: Have a readily available ladder that will reach to the top of the highest building; see that there is a water supply for fire fighting in the farm yard; and establish fire-breaks around haystacks, farm buildings and maturing farm crops of high fire hazard.

MAY EASE DAD'S FUEL BILL

Coal shortages this year have prompted the Solid Fuels Administration for War to offer householders the following fuel-saving suggestions: "Winterize" with insulation, storm sash and weather-stripping; clean and repair heating plant; install temperature control device; keep room temperatures as low as health and reasonable comfort will permit; clean furnace regularly during heating season; keep windows closed as much as possible; and close off unused room space. To assist in fuel-saving, 111 weather bureau stations in 25 states East of the Mississippi River and Minnesota are determining a date in each community after which continuous central heating should be necessary.

WAC To Start New 28th Division

Pennsylvania's own 28th, the famous Keystone Division, which has been in some of the toughest fighting in Europe, will be honored by the Army through the formation of a special WAC Company of 200 new recruits.

The company in honor of the 28th will be known as the Keystone Division WAC Unit, and will receive its basic training at Fort Oglethorpe, Georgia. Applications must be made by October 31.

SAFETY RULES FOR PAPER SAVING

To avoid fire hazard, when salvage paper is collected, the Department of Agriculture recommends that it be stacked neatly and tied in bundles. Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

TOBACCO CONSUMPTION NEAR RECORD

While domestic tobacco consumption has declined in recent months, this decline has been offset by shipments to armed forces abroad, so that overall consumption is at or near the highest in the history of the industry, the Department of Agriculture reports.

NEW RATION BOOK FOR CANADIANS

Between October 14 and 21, each of Canada's 11,500,000 consumers is expected to get his fifth new ration book. Sugar, butter and preserves are the only foodstuffs now rationed. Rationing of tea, coffee and meat has been suspended for some time.

RABBIT COMES INTO HIS OWN

When early English settlers moved to Australia, they took rabbits with them, according to the Australian News and Information Bureau. Australia then spent millions of dollars trying to get rid of the offspring of these rabbits. The Australians hunted them with guns, traps, poison bait, ferrets and gas. In Western Australia they even built a supposedly rabbit-proof fence from North to South. Still the rabbits increased. Then came the war. Other meat grew scarce. Rabbit meat was coupon-free. Recently, the Indian Government asked for Australian rabbits to breed for food for her services, and export of rabbit pelts to the United States is increasing. Today, Australia's one-time pest is practically a national hero.

Telephone furlough to home

A Long Distance call is almost as good as being there in person. Helps a lot when there aren't too many other calls on the wires.

So whenever you can, please keep the circuits clear from 7 to 10 each night for service men and women. Those evening hours are their best chance to call from camps and naval stations.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Main Line Artists To Participate In Water Color Exhibition

Eleven distinguished Main Line artists have been invited to show their work at the 42nd Annual Water Color and Print Exhibition of the Pennsylvania Academy of the Fine Arts, Philadelphia. The exhibition will be held from October 29 to December 3 at the Academy in collaboration with the Philadelphia Water Color Club.

The artists from the Main Line who have been invited include: Elizabeth Stevens Laverty and Helen Chance Muller of Merion; Mary Donville, Paul Donville and Vera M. White of Ardmore; Mary La Boiteaux and Robert H. Page, Jr., of Bryn Mawr; Paul Forrester Taylor, Wynnewood; Brenda F. Biddle, Devon; and Robert Ruston, Malvern. Thornton Oakley of Villanova has been asked to serve as chairman of the jury.

Lectures at Academy Of Natural Sciences

Six free illustrated lectures on natural history and travel subjects will be presented on six successive Monday nights in October and November in the Academy of Natural Sciences of Philadelphia, 19th and the Parkway.

Edward A. Hill will discuss Penn's Woods on October 23; Matthew W. Stirling on October 30 will describe his sixth expedition to Southern Mexico, from which he has just returned. On November 6, Sullivan C. Richardson will talk on the strategic resources of Latin America. Bert Harwell, the motion picture photographer and bird call imitator will appear November 13. A film of Japan, the Philippines, Guam and the Dutch East Indies will be shown by traveler Francis R. Line November 20. November 27 brings the annual Academy Appearance of Cleveland P. Grant with his bird and animal pictures from the land of the Sioux Indians.

Lectures Listed For Main Line Forum

1. Problems of Youth (Thursday, Oct. 19, 1944)
The Honorable Curtis Bok, President Judge, Court of Common Pleas, VI, Philadelphia.
2. Labor in a Free Democracy (Thursday, Oct. 26, 1944)
Robert J. Watt, International Representative of the American Federation of Labor, Washington, D. C., Advisor of the Department of State on Labor Problems, American Labor Representative at the recent I. L. O. meeting in Philadelphia.
3. Our Christian Heritage (Thursday, Nov. 2, 1944)

You can't hang "Uncle Ben" with a thread

It takes a strong nail and the right kind of wire to keep Uncle Ben's portrait hanging on the wall. It also takes the right kind of home wiring to keep your electric lights burning and appliances running properly.

If you intend having an electric range, television set, automatic washer, dishwasher, or any of the appliances that will be on the market in the postwar future, provide at that time for these three essentials of a well-wired home: Adequate entrance service, enough circuits, and plenty of convenience outlets.

Lower Merion High News Letter

Continued from Page 1

and Salerno invasion, and lost track of him around Rome. Don't look for him in the Pacific, Jack. I think he's still in Italy. Glad to hear from you. Good luck and write again.

FRANK ESHERICK, S. 2/c, writes he didn't do so well in his flying and is now at Aviation Ordnance School at Norman, Okla. The rest of his letter is devoted to telling what a h— of a place Oklahoma is. For verification we'll have to call on **STAN KAVANAGH** and **JOHNNY ABRAMS** and any other Merionites in the land of oil and Indian reservations.

S/SGT. GEORGE E. GILL, '40, APO 920, SF, is in Dutch New Guinea, working hard. He said he's getting in a little fishing, but "they're hard to hook." Also reports he had to wait a long time for the NL, hopes we'll get one out in the summer months. One—George—this is a monthly publication—Spring, Summer, Fall and Winter—and by now you've gotten the July and August issues. Glad you like 'em—they all do.

Another letter from Dutch New Guinea from **SGT. ROBERT H. GROSS**, '33, APO 31, SF. He reports the birth of his son (See Youngster Merionite Generation), and says his camp is taking on the appearance of a "Boombtown." And they're just a half hour from the "Front"—it's hard to get a good night's sleep with the artillery blazing away—and dehydrated eggs for breakfast don't start you off for the day in extra fine fettle. Thanks, Bob, an interesting letter. **RUSSELL SHIELDS** is on our mailing list.

CWO TED JEFFERSON, '33, APO 7411, NY, reports things going along swell in Italy—hopes it won't be too long before the war is over in that area. I think you're right regarding Russia, we'll just have to get along, somehow. You've just about qualified as one of our regular correspondents. Ted—we're getting to look forward for that V-Mail of yours. Continued good luck to you.

DONALD W. MUNRO, S. 2/c(V), '31, has been transferred to the Amphibious Training Base at Camp Bradford, Va., training crews for LST's, and just when the weather in Newport, R. I. was getting to be perfect. It's tough, Don, but you'll get along. Thanks for giving us the notice.

Hello, **PVT. PHILIP M. REKER**, '32, APO 545, NY. Glad to hear from you—thought you'd get a letter—still remember you in my Business Admin. class in Room 201, with **JIM ROBERTS**, **FRANK ANDERSON** and others. Pushing a typewriter is important, too, you know. All the fellows you mention are OK as far as I know, the **FRUITTS**, **DICK BECK**, **JERRY CASEY**, etc. Don't worry about the beer, there'll be plenty here when you get home.

PFC. CLIFFORD THOMAS has been transferred to Staten Island, N. Y. He likes it 'cause he can get home very easily—hopes he'll stay there long enough to see some Winter sports. Stop in and see us, Cliff.

CPL. MARINO ANGELINI is in the hospital at Camp Attentive, Ind., the result of an accident. At a ball game the batter let the bat slip out of his hands and it caught the Cpl. right between the eyes, giving him "two of the most beautiful black eyes you ever did see." **VINCENT FILIPPO** is in the same hospital with an infected toe. **BILL COSTELLO** is stationed here, as is **TOM MONTGOMERY**, who, to it that one of you guys keeps the NL informed each month. I'll be looking for that booklet, Marino.

PFC. NORMAN BENNINGHOVE, '42, APO 15421, NY, says he's been separated from all the other Merionites at Camps Haan and Carson and hopes to meet other of the guys and gals in his new location. Send us your location when you can, we may be of some help.

S/SGT. E. P. (TED) BOLENDER, 2nd MAW, PPO, SF, comes across with his monthly note. He's still with **BOBO JAMES** and **TOM WEIR**, and says it's great to get together and re-live and hash over bygone days. So long, Ted, hope things in the So. Pacific are going OK for you.

Hello, **PFC. MARSHALL BROOKS**, PPO, SF. So you finally got away from North Carolina. I'll tell Babsy and Suloff about that racer you're bringing in from the West Coast. Let's hear from you again.

And hello to you, **JOE CROWN**, Pvt., Camp Shelby, Miss. Sure and I remember you—big guy, curly hair, and one of my students, too. I'll check on the ring and see what we can do. You'll hear from me in the near future. Here's hoping your stay in the garrison is of short duration.

S/SGT. BILL FRYER, '42, APO 520, NY, is in Italy. He's just come back from rest camp—sailing in the Mediterranean—met up with a couple of WACS, etc., etc. You were sort of a bashful guy in school, Bill. All over that? And only three more missions to go! We'll be looking forward to seeing you. Good luck.

Hello, **CAPT. JIM** and Mary Louise (Javoronok) **JACOBY**, Vallecito, Calif. Sure and if the guys can't write or don't have time, I'll answer letters from their wives. The Capt. was overseas for three years and Mary's trying to put some weight on him. How's your garden, Jim? And I'm expecting other news from you—so keep me informed. Best wishes to you two.

HENRY KNOX, Y. 3/c, PPO, SF, writes a long letter elaborating on his location, the wonderful place that it is, an ideal spot, etc., but he can't tell where it is. The next time, perhaps. And I'll expect those snappy pictures—don't forget them.

PFC. CALVIN LOVE, APO 160, NY, is with a QM Ldry Co. in England. Sends his change of address so he won't have to wait so long for his next NL. Not a bad idea, Love, it also helps the overworked APO.

And the PFC's are not the only ones who change their addresses to facilitate the handling of mail by your Uncle Sammy—here's a letter in similar vein from **COL. J. B. MATLACK**, who hits the nail on the head when he says, "Life in active campaign is not too conducive to the proper attention to one's own personal matters." He has also noticed that there is an LM it in his division, wishes he knew the unit. I'd have to do a lot of research to find that guy, Colonel, but **TAKE NOTICE**—the GI in Col. Matlack's Division, at your earliest opportunity, PFC—listen to the Colonel's Hqs., rush right in, slap him on the back and say, Col. I'm the guy from Lower Merion you're looking for. I'm sure the Colonel will slap you right back, see that you get another stripe, and probably entertain you at dinner at the OC. Can I do more, Col. Matlack? And when you guys get back home, you'll both probably slap me down.

SGT. LARRY J. REDMOND, '32, APO 83, NY, writes he's been very lucky and still going strong. He had a close call on July 4 when he was injured by shrapnel from an artillery shell. He received the Purple Heart and is back in action again. Here's your hello to **LEN FRIES**. Best of luck, Larry, and Len owes us a letter.

PVT. AMERICUS A. MARCHIONE, APO 16168F, NY, is in Italy, entertaining troops, singing from the platform of a truck one day, in an opera house the next. He hopes to meet any Merionites as he gets around on these tours. Here's hoping you do, and that you also get a chance to participate in several opera productions. **FLASE!** A later letter reports Marchione about to leave on a two months tour in Italy and perhaps the Continent with a USO show produced by Ben Lyons and Bebe Daniels along with GIs. And Marchione will sing. Watch for him fellows, and give the old LM yell. We're not forgetting the concert you're giving at LM on your return. Good luck.

PFC. JOSEPH W. RIELLY, APO 654, NY, is in England. He wants several addresses (Arnone and McCarthy) and wants the NL sent to his home. Those requests are easy, Joe; it's been done. Here's hoping you'll be back at the BC Jr. High in another year.

Hello, **WALLACE J. McLEAN**, '44, USNCT, Bainbridge, Md. It seems a very short time ago that you were helping to address letters to the boys in the service—and here I am, writing to you. If you do as well in the Navy as you did helping me—you'll be OK. Good luck and let's hear from you again.

ENS. T. P. SAWYER, '39, is with a M. T. B. Sqdn., PPO, SF. The 27th NL was his first—he was glad to get it—not having seen a Merionite since entering the service. But the same day he got the NL—into his base flew **JACK SCHENCK**, piloting a PBX. Tom tells about going up with Jack and on one occasion had quite a thrill. Tom says recreational facilities are real good—also saw the USO show put on by Bob Hope, Frances Langford, Jerry Colonna and a "demure dancer with a ravishing figure," by name—Patty Thomas. With that we'll sign off—hope to hear from you again, Tom.

OUR MEN AND WOMEN IN SERVICE

The Distinguished Flying Cross has been awarded to Capt. Robert C. Chapin, 216 Sabine Ave., Narberth.

George G. McConnell, 201 Lantwyn Lane, Narberth, has been commissioned a second lieutenant following completion of an advanced flying course at Selman Field, La.

Aviation Cadet John R. Twardoska, 406 Dudley Ave., Narberth, was appointed flight officer following graduation from the bombardier school at Albuquerque, New Mexico.

2nd Lt. Richard P. Berry, son of Mr. and Mrs. H. M. Berry, 27 Narbrook Park, Narberth, received his commission September 30 following completion of training at

the Officers Candidate School of the U. S. Marine Corps at Camp Lejeune, N. C.

Rev. H. A. Lollis

Word has been received of the death of the Rev. H. A. Lollis of Foxboro, Pa., a former curate of the Church of the Redeemer, Bryn Mawr, who was for a time in charge of St. Joseph's P. E. Chapel, Gladwyne. While living in the village, Mr. Lollis endeared himself to the community through his work with young people, and especially through his untiring devotion to service during the disastrous flu epidemic of 1918. He will always be remembered with love and gratitude by his former parishioners in this locality.

MAKING BEESWAX

Beeswax begins as a secretion in the bee's glands. With its hind legs, the insect removes the substance, brings it up to the mouth, where it is mixed with saliva and chewed into a consistency suitable for building honeycombs.

Fords Now Considered

Continued from Page 3

and packed too many tricks and too much punch for the willing but mostly befuddled Ghosts. Lower Merion scored in the first minute, but trailed briefly at 7-6 in the first quarter before its power and aerial game came up with two second period touchdowns and a 19-7 halftime lead. Single touchdowns in the last two periods, plus a safety completed the rout.

End Bill West led the Maroon attack with two touchdowns. He took a pogo pass from Perry Scott and ran seven yards for the last score of the first half after Carlo Mariano had paved the way by recovering an Abington fumble on the enemy 16. In the third quarter, West caught a 35 yard pass from Mariano and raced 12 yards for his other tally.

Pete Matthews, starting his first varsity game, made a rousing debut by galloping 64 yards off tackle for L. M.'s first touchdown in the opening minute. A fumble deep in L. M. territory enabled Abington to move ahead shortly thereafter, but the Maroon regained the upper hand with Mariano's eight yard scoring sprint that capped a second period 72 yard eight-play advance. A 54 yard coffin corner kick by Ed McQuiston enabled L. M. to get two points on a safety in the third quarter and in the last period fourth stringer Jimmy Evans scored the final touchdown on a 25-yard lateral pass play started by Dick Powell.

L. Merion	Positions	Abington

From tip to tip the rocky curve of the Carpathian mountains North of the Danube river is nearly 900 miles long.

LEGAL NOTICE

STATEMENT OF OWNERSHIP

STATEMENT OF THE Ownership, Management, Circulation, etc., required by the Acts of Congress of August 24, 1912, and March 3, 1933, of Our Town, published weekly, at Narberth, Pa., for October, 1944.

State of Pennsylvania
County of Montgomery: SS:
Before me, a Notary Public, in and for the State and County aforesaid, personally appeared George A. Walker, who being duly sworn according to law, depose and says that he is the owner of Our Town and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor and business manager are: George A. Walker, Bala-Cynwyd, Pa., publisher and editor; M. Helen Fitzpatrick, Philadelphia, Pa., business manager.

2. That the owner is: George A. Walker, Bala-Cynwyd, Pa.

3. That the known bond holders, mortgages, and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: None.

GEORGE A. WALKER, Owner.
Sworn to and subscribed before me this 5th day of October, 1944.
MARGARETTA A. MEEKER
Notary Public.

My commission expires at the end of the next session of Senate.

SHERIFF'S SALE

You are hereby notified that the Annual Meeting of the Members of Abington Memorial Hospital will be held on the 24th day of October, 1944, at 4:30 P. M., at the Hospital for the purpose of electing Trustees for the forthcoming year, hearing and approving reports of officers and to transact other business as may properly come before said meeting.

E. C. SAYERS,
Secretary.

ABINGTON MEMORIAL HOSPITAL
ABINGTON, PENNSYLVANIA.
B.C. 10-12-41.

CAMERAGRAPHS

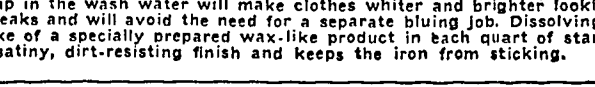

FAIR EXCHANGE—Panna Gonia, young Polish-American opera star, thanks the Allied Nations for their aid to Poland by giving her blood to the American Red Cross during their current drive to enlist more and more donors. With our men on the march to Victory, thousands of additional pints of blood will be needed if casualty rates are to be kept at their present low percentage.

THE TWAIN HAVE MET! Webster Aitken, eminent American concert pianist, and Nancy Lee Dodge, lovely blues singer, debate the relative merits of Bach vs. Beethoven in Mr. Aitken's New York studio. The old controversy has recently flared up anew in music circles, but from the smiles above, it looks like a draw!

MANY A SLIP 'TWEEN A LAUGH AND A SIP—is hardly suggested by Carmen Miranda as she offers her "Coke" to Jimmy Russell on the set of Twentieth Century-Fox production "Something For The Boys."

EXPERT LAUNDRY—Bluing flakes dissolved along with your soap in the tub will make clothes whiter and brighter looking without streaks and will avoid the need for a separate bluing jug. Dissolving a quarter cake of a specially prepared wax-like product in each quart of starch assures a satiny, dirt-resisting finish and keeps the iron from sticking.

STYLE AND STAMINA are two items to be checked for boys' clothes, and this suit of corduroy, a modern, lightweight corduroy, has both. Boys love the easy feel, the sturdy, stand-up qualities of corduroy. Mothers approve, too, because they can find such suit for active youngsters as well-tailored as Dad's.

G.O.P. Dollar Drive Opened This Week

Committeewomen Asked to Help by Mary H. Beerer

The Dewey-Bricker Dollar Certificate Campaign opened this week in Montgomery County under the direction of Mrs. Mary H. Beerer, vice-chairman of the Montgomery County Republican Committee.

The campaign is being conducted by the Republican State Committee in conjunction with the Republican Finance Committee of Pennsylvania.

Assistance of all Republican Committeewomen of the County in selling the certificates has been asked by Mrs. Beerer, who anticipates "even greater results in this crucial election year" than in former campaigns.

Certificate bear the slogan, "Keep America the Land of Opportunity." Proceeds from the sale of certificates will be used to further the election of the Republican national ticket.

The quota for Montgomery County in the campaign has been set at \$7,500. Mrs. Beerer announced.

The Dollar Certificate Campaign was launched in Lower Merion Township Tuesday at a meeting of women volunteers at the home of Mrs. Owen J. Toland, Aubrey Road, Wynnewood.

Mrs. Toland, chairman of the Lower Merion Township drive, appointed 14 district leaders and asked men and women willing to volunteer as workers to contact their district leaders or call her at Ardmore 1712.

The district leaders are: Bala, Mrs. S. M. Cleveland and Mrs. Helen Greenwood, The Edgemoor Court Apartments, Bala; Merion, Mrs. L. D. Tyrrell, 434 Levers Mill Road; North Ardmore, Mrs. J. O. Yetter, 511 Owen Road, Wynnewood; South Ardmore No. 3, Mrs. Elizabeth Wilkinson, 147 Grandview Road; South Ardmore No. 4, Mrs. Benjamin Z. Strawbridge, 1422 Edgevale Road, Overbrook Hills; Gladwyne, Mrs. Thomas Barnes II, Monk Road, Gladwyne; Haverford, Mrs. Edgar C. Felton, Jr., Little Lane; Mrs. F.

W. Cortright, Haverford Mansions; Mrs. Victor Mauck, Gray's Lane; Penn Valley, Mrs. John Lafore, Penn Valley Farm; Mrs. Faith Farmer, Woodbine Ave.; Cynwyd Estates, Mrs. Louise Barclay, Princeton and Oxford Rds.

Teen-Age Canteen

Continued from Page 1

12th grades from public, parochial and private schools.

Following the general meeting Friday night committees met at private homes on Sunday to discuss details. The committees selected their own chairmen as follows:

Housing, Robert Davis and Marvin Reynolds; publicity, William Thompson; finance, Russell Blackwood and David Malickson; rules, Jacquelin Miller; exploration, George Esherick and John Stelwagon.

Richard McQuillen is temporary chairman of the organizing committee.

Present plans are to keep the canteen open Friday evenings and maybe Saturday night, later.

In order to help finance operation of the canteen students may be asked 50 cents for a canteen membership for every three months period. Food and refreshments would be sold at cost.

Prizes Awarded In Scouts Hobby Show

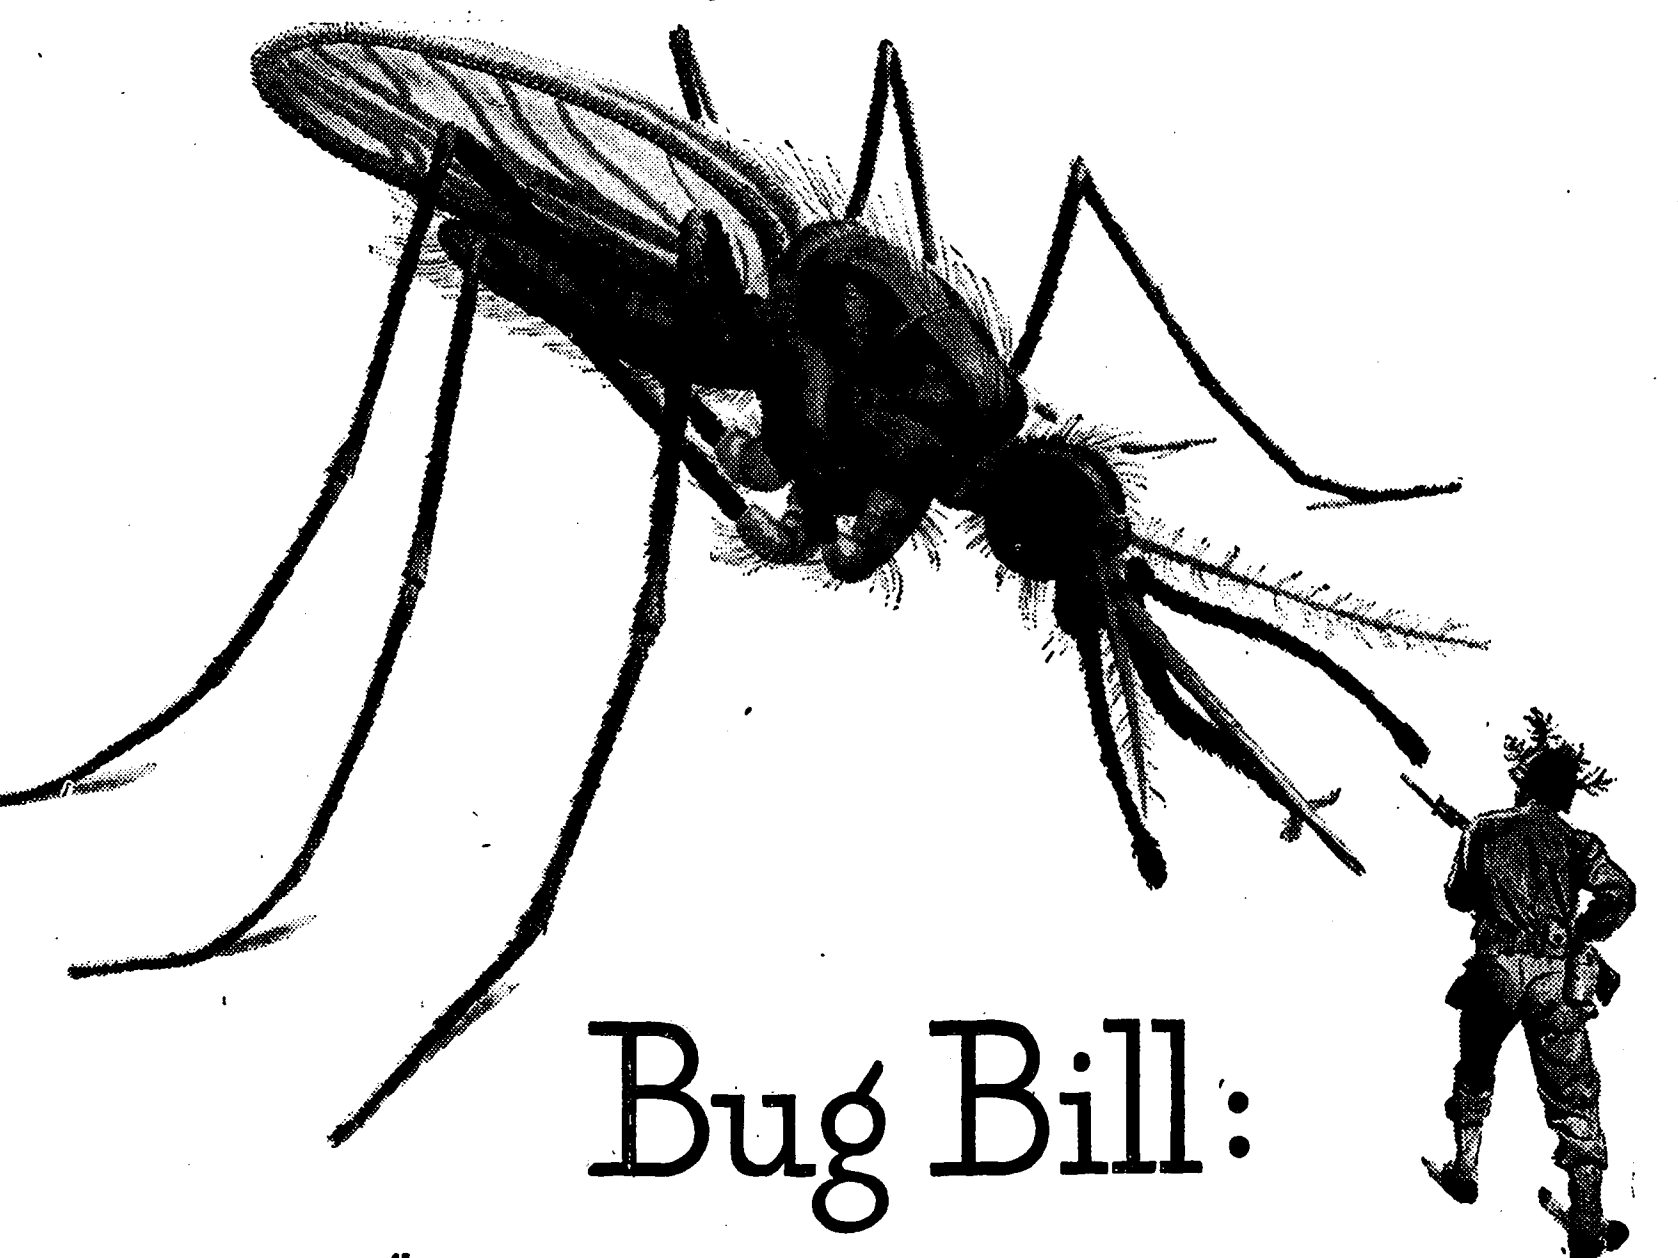

The Gladwyne Boy Scouts held a Hobby Show in their club room on Friday evening. Prizes were awarded for the most original, the most interesting, and the neatest.

The award for most original went to Peter Toennies for hand-carved naval boats, guns, etc. Raymond Salamanna won in the "most interesting" group with his exhibition of foreign and domestic coins. Richard Reinhart won for neatness with his album of match boxes.

On Monday evening, October 16, at 8 o'clock, there will be a meeting of parents and interested friends at the Community House, for the purpose of organizing a Cub Pack.

Congratulations

Mr. and Mrs. Howard S. McMorris of Youngsford Road, Gladwyne, are receiving congratulations on the birth of a son, Howard McMorris, II, who was born in the Bryn Mawr Hospital on Friday, October 6.

Bug Bill:

\$40,000,000

Disease-carrying insects—mosquitoes, fleas, lice, ticks—have killed or disabled more American fighting men than many a hard-fought battle.

But today, men in the tropical theaters especially are better protected against these killers than ever before—thanks to amazing new discoveries like DDT.

Spray DDT on a screen—and a fly that walks on that screen three months later dies.

Or take "Aerosol"—a new way of releasing pyrethrum in a gas. One small drop of pyrethrum, when released by means of an aerosol, will kill every "skeeter" in a room 12x12x7 in one minute!

Now the DDT and aerosols are some of the thousand and one things—in addition to the obvious items like guns, tanks, planes, and

ships—that are needed to fight the world's biggest and toughest war, and which make this war so terrifically expensive.

They're going to spend part of your War Bond money this year for DDT—and other insect killers—some \$40,000,000.

That money will save American lives and help shorten the war. It would be a darn good investment even if we never got a cent of it back. But we will get it back—and get more money with it.

Under those circumstances, War Bonds have a mighty strong claim on every dollar you don't have to spend for actual necessities.

Maybe you could find enough of those dollars to buy an extra Bond—today.

War Bonds—to have and to hold
